All weapons, ammunition and sensitive items such as laser designators, GPS, etc. must be declared on the shipping document which accompanies the shipment.

- place a copy inside every container in shipment.
- Scan and e-mail a copy of the document to KASOTC at info@warriorcompetition.com or ziad.saleh@kasotc.com

WEAPONS/SENSITIVE ITEMS:

Each team is responsible for facilitating the import / export of their weapons and sensitive items to / from Jordan for the competition. The Warrior Competition Committee will help coordinate the appropriate customs clearance through the Jordanian Armed Forces and the pick-up/transportation from point of entry / exit, to / from KASOTC. Weapons and sensitive items will be stored in a pre-arranged KASOTC arms storage room. KASOTC has weapons available should teams desire to use them during competition.

Shipping Address: DO NOT PUT "ATTENTION TO" or any PERSONAL NAMES OR UNITS in the "Ship to:" section of the LABEL. All personal identification information can be listed in the "sender's" section of the label. Equipment arriving in a person's/unit's name becomes a difficulty to clear through customs.

Use this address only as the "ship to":

**GHQ - Jordan Armed Forces
King Abdullah II Special Operations Training Center (KASOTC)
9th Annual Warrior Competition 2017
Amman - Jordan

SHIPPING DOCUMENTATION:

Complete the form on the next page with all required information. Use as many pages as necessary to accommodate all equipment being shipped. Be sure to identify number of packages, crates, etc. in your shipment.

ARRIVING ON COMMERCIAL/MILITARY AIRCRAFT WITH WEAPONS:

If you are traveling with your weapons and sensitive items (even items in personal luggage) this document must be completed and e-mailed or fax'd to the KASOTC contact information above prior to your departure. It is also recommended that you carry a copy on your person. This will facilitate us assisting at the airport when clearing customs. IF YOUR TEAM SHOWS UP TO THE COMMERCIAL OR MILITARY AIRPORT WITH WEAPONS AND SENSITIVE ITEMS and you did not provide us a detailed accounting of these items prior to your arrival, it will be very difficult to assist in clearing customs.
